

PERMISSION FOR JAMESTOWN FAIR

Complaint That It Would Injure Oyster Grounds Was Not Considered Valid.

DENSE FOG IN HAMPTON ROADS

Chesapeake and Ohio Ferry Steamer Virginia Could Not Cross.

(Special to The Times-Dispatch.)
NORFOLK, VA., September 18.—Some people reported the granting of a permit to the Jamestown Exposition to build the big oyster grounds out into the water of Hampton Roads on the idea that these oyster grounds or other interests would suffer thereby.

The board of oyster commissioners met today in order that the objection was taken to the permit. The most objection in the protest was Mr. A. Howard Nash, who was Mr. Attorney Joseph T. Lusk. The board made a decision to grant the permit, and the oyster grounds will suffer as a result of the year construction, but the board could not see that any body else would suffer as a result of the construction of the pier, and the permit to build it was accordingly granted.

A dense fog following the northeast gale, kept the ferry from crossing the Chesapeake and Ohio ferry steamer Virginia could not cross.

The Chesapeake and Ohio steamer Virginia did not make its morning trip to Norfolk, Va., to connect with the train for it. It was not until the afternoon that it was able to start. The steamer was delayed by the fog, and it was not until the afternoon that it was able to start.

BABY'S VOICE

Is the joy of the household, for without it no happiness can be complete. How sweet the picture of mother and babe, angels smile at and commend the thoughts and aspirations of the mother bending over the cradle. The ordeal through which the expectant mother must pass, however, is so full of danger and suffering that she looks forward to the hour when she shall feel the exquisite thrill of motherhood with indescribable dread and fear.

Every woman should know that the danger, pain and horror of child-birth can be entirely avoided by the use of Mother's Friend, a scientific liniment for external use only, which toughens and renders pliable all the parts, and assists nature in its sublime work. By its aid thousands of women have passed this great crisis in perfect safety and without pain. Sold at \$1.00 per bottle by druggists. Our book of priceless value to all women sent free. ROYAL Baking Powder

ABSOLUTELY PURE

Healthful cream of tartar, derived solely from grapes, refined to absolute purity, is the active principle of every pound of Royal Baking Powder.

Hence it is that Royal Baking Powder renders the food remarkable both for its fine flavor and healthfulness.

No alum, no phosphate—which are the principal elements of the so-called cheap baking powders—and which are derived from bones, rock and sulphuric acid.

LUTHERANS WISH TO GATHER HERE

Movement on Foot to Hold Convention of 1908 in This City.

REV. T. M. KUHN SPEAKS

Mayor McCarthy Makes Short Address and Promises His Support.

Special to The Times-Dispatch.

From what transpired last night in the meeting of the congregation of the First English Evangelical Lutheran Church of this city, which met to hear the address of Rev. T. M. Kuhn, of Omaha, speaking in favor of having the convention of the Lutheran League of America in Richmond in 1908, it is more than probable that the city will be selected to host the convention.

The principal speaker last night was Rev. T. M. Kuhn, general secretary of the Lutheran League of America, who gave a very interesting address on the subject of the convention.

Is a Growing Body.

During the course of his address, Mr. Kuhn stated that the Lutheran League, which is an association made up of the laymen of the church, was organized about ten years ago, and now has a membership of over 100,000.

The convention of the league will be held in Canton, Ohio, on October 20th, 21st and 22nd. The meeting will be largely of an educational character, having for its motto, "Knowledge, Wisdom, Understanding."

There will be a number of speakers from the Southern States, notably Rev. C. L. Brown, of Salem, Va., missionary to Japan from the United Synod of the South.

The speakers will include lawyers, merchants, and business men, the church drawing from all classes and professions. One of the main matters to come up before the convention is as to the choice of Richmond for the scene of the next convention, which is held annually.

There is a large number in favor of the move, and Mr. Kuhn devoted much of his time last night to discussing the reasons and advantages upon making this choice. He pointed out the fact that the South has never been visited by a convention from the Lutheran Church.

He made note also of the many historic places to be seen in and about Richmond, and dwelt upon this as being a very important fact in having Richmond selected.

Glad to Have Them.

Mayor McCarthy followed Mr. Kuhn upon the invitation of Mr. Meisel. He expressed himself as being very glad that the church was thinking of coming to Richmond for its convention of 1908, and gave them all his encouragement. He said that he had heard that there would be an auditorium built in this city for 1907, but that he now much doubts it. He did not think, however, that the city would be without one in 1908.

He said that the people of Richmond are getting more and more to realize the need of an auditorium to be used for convention purposes, and that it is bound to come. He wants to see an auditorium that will seat 5,000 people at least. He would also like to see it have the finest organ that can be bought, and with a stage that would seat a choir of 500 voices.

Mr. Jacob Umhaut expressed himself as being in favor of the convention coming here, and there were several other speakers.

TWO PROMINENT PEOPLE DIE THE SAME DAY

(Special to The Times-Dispatch.)
KEYSVILLE, VA., September 18.—Two prominent people died here Saturday. Mr. John Mason died at his home that night, and was buried at Keysville Cemetery Monday, aged eighty-eight years, and was buried on his birthday. He came from England and settled here thirty-six years ago, and accumulated a good fortune. He was a man of intelligence, and well posted in the current news of the day. His widow and three children survive him—his son, Mr. William A. Mason, and Mrs. L. E. Shelton and Mrs. Joseph Clark.

Mrs. Eliza Gee, widow of the late Captain Thomas Gee, aged eighty-six years, also died at her home Saturday night, and was buried in the family burying-ground.

COLORED FOODS ARE DEMANDED BY PUBLIC

NEW YORK, September 18.—The use of coloring matters, flavors, and preservatives in foods and drugs was discussed before the government commission appointed to hear the arguments of manufacturers as to the application of the pure food law at a continued hearing in this city today. Many merchants and manufacturers were present. Dr. Hugo Lieber, of H. Lieber & Co., defended the use of aniline or coal-tar dyes in food. He said that all but one of the aniline colorings was harmless, and that the burden of proof that the coloring was injurious rests upon the Department of Agriculture. The use of color in canned tomatoes, he said, was a concession to the public demand for the natural color of the vegetable which was lost in canning. It was not detrimental to health, he said. Others made like statements concerning coloring in foodstuffs.

CHEW Grape
SUN CURED TOBACCO
The Tobacco Is Valuable
THE imitators of GRAPE are compelled to reduce quality in order to spend thousands of dollars in advertising and buying tans, or the inferior stuff wouldn't sell at all. It is not necessary to advertise GRAPE as quality sells it. It is the only pure old Virginia sun-cured tobacco, and made at headquarters, Richmond, Va. The GRAPE is only valuable to guarantee full weight of the greater sun-cured brand in the world. There is no cash prize or hunting present scheme. Every chewer gets 5 cents worth of pure sun-cured chewing tobacco; not 3 cents worth of tobacco and 2 cents worth of hardware or lumber. GRAPE sells on merit. Imitations are forced on the thoughtless by a bribe.
